| Kemikalie               |         | Koncentration | Temp. | Best ndighet |
|-------------------------|---------|---------------|-------|--------------|
| 1,4-Dioxane             | 100     | 20  C         |       |              |
| 2-Hydroxypropionic Acid | 90      | 20  C         |       |              |
| Acetic Acid             | 100     | 20  C         |       |              |
| Acetone                 | 100     | 20  C         |       |              |
| Ammonia                 | conc.   | 20  C         |       |              |
| Ammonium Chloride       |         | 20  C         |       |              |
| Amyl Alcohol            |         | 20  C         |       |              |
| Apple Juice             |         | 20  C         |       |              |
| Benzene                 |         | 20  C         |       |              |
| Bleaching Solution      | 12.5 cl | 20  C         |       |              |
| Boric Acid              | 100     | 20  C         |       |              |
| Brake Fluid             |         | 20  C         |       |              |
| Butyl Acetate           |         | 20  C         |       |              |
| Calcium Chloride        |         | 20  C         |       |              |
| Carbon Disulfide        | 100     | 20  C         |       |              |
| Carbon Tetrachloride    |         | 20  C         |       |              |
| Chlorine (gas)          | 100     | 20  C         |       |              |
| Chlorobenzene           | 100     | 20  C         |       |              |
| Chloroform              |         | 20  C         |       |              |
| Citric Acid             | 10      | 20  C         |       |              |
| Cresol                  |         | 20  C         |       |              |
| Cyclohexanone           | 100     | 20  C         |       |              |
| Cyclohexene             | 100     | 20  C         |       |              |
| Diesel Fuel             |         | 20  C         |       |              |
| Diethylene Oxide        |         | 20  C         |       |              |
| Ethyl Acetate           | 100     | 20  C         |       |              |
| Ethyl Alcohol           | 96      | 20  C         |       |              |

| Kemikalie                        | Koncentration | Temp.  | Best ndighet |
|----------------------------------|---------------|--------|--------------|
| Ethylene Chloride                | 100           | 20   C |              |
| Food Oil                         |               | 20   C |              |
| Formaldehyde (aqueous)           | 40            | 20   C |              |
| Formic Acid                      | 10            | 20   C |              |
| Frost Protection Agent           |               | 20   C |              |
| Fuel (aromatic free)             |               | 20   C |              |
| Glycerine                        | 100           | 20   C |              |
| Glycol                           | 100           | 20   C |              |
| Heating Oil                      |               | 20   C |              |
| Heptane                          | 100           | 20   C |              |
| Hydrochloric Acid                | 10            | 20   C |              |
| Hydrochloric Acid (concentrated) | conc.         | 20   C |              |
| Hydrofluoric Acid                | 40            | 20   C |              |
| Hydrogen Peroxide                | 10            | 20   C |              |
| Hydrogen Sulfide (aqueous)       |               | 20   C |              |
| Isopropyl Alcohol                | 100           | 20   C |              |
| Linseed Oil                      |               | 20   C |              |
| Mercurochrome                    |               | 20   C |              |
| Methyl Alcohol                   | 100           | 20   C |              |
| Methyl Ethyl Ketone (MEK)        | 100           | 20   C |              |
| Methylene Chloride               | 100           | 20   C |              |
| Milk                             |               | 20   C |              |
| Mineral Oils (aromatic free)     |               | 20   C |              |
| Nitric Acid                      | 50            | 20   C |              |
| Nitric Acid                      | 10            | 20   C |              |
| Nitrobenzene                     |               | 20   C |              |
| Oxalic Acid                      |               | 20   C |              |
| Ozone Gas                        |      0.5 ppm  | 20   C |              |
| Paraffine Oil                    | 100           | 20   C |              |
| Perchloroethylene                |               | 20   C |              |
| Petroleum                        | 100           | 20   C |              |
| Petroleum Ether                  | 100           | 20   C |              |
| Phenol (aqueous)                 | ca. 9         | 20   C |              |
| Phosphoric Acid                  | 50            | 20   C |              |
| Potassium Hydroxide liquor       | 50            | 20   C |              |

| Kemikalie                  | Koncentration | Temp.  | Best ndighet |
|----------------------------|---------------|--------|--------------|
| Premium Fuel               |               | 20   C |              |
| Propyl Alcohol             |               | 20   C |              |
| Pyridine                   |               | 20   C |              |
| Silicone Oil               |               | 20   C |              |
