

# PE Ultra HD Ast 2000x1000x130 mm svart

Artikelnr P1400190

## 1. Tekniskt datablad

| Egenskap                                   | Värde | Enhet     | Standard          |
|--------------------------------------------|-------|-----------|-------------------|
| Density                                    | 3     | g/cm³     | DIN EN ISO 1183-1 |
| Tensile Strength                           | 20    | MPa       | DIN EN ISO 527    |
| Modulus of elasticity (tensile)            | 650   | MPa       | DIN EN ISO 527    |
| Break Elongation                           | 50    | %         | DIN EN ISO 527    |
| Melting point                              | 133   | °C        | ISO 11357-3       |
| Maximal operating temperature (short-term) | 130   | °C        |                   |
| Maximum Operating Temperature              | 80    | °C        |                   |
| Minimum temperature                        | -200  | °C        |                   |
| Volume Resistivity                         | 10¹   | Ω         | DIN EN 62631-3-1  |
| Flammability Classification (UL 94)        | 3     |           | UL 94             |
| Thermal Conductivity                       | 0.4   | W/(m·K)   | DIN 52612         |
| Surface Resistivity                        | 10¹   | Ω         | DIN EN 62631-3-2  |
| Water absorption to saturation             | 0.01  | %         |                   |
| Water Absorption to Saturation             | 0.01  | %         |                   |
| Notched impact strength (Charpy)           | 2     | kJ/m²     | DIN EN ISO 179    |
| Impact Resistance (Charpy)                 | 2     | kJ/m²     | DIN EN ISO 179    |
| Thermal Expansion Coefficient              | 1.75  | 10⁻⁵/K    | DIN 53 752        |
| Hardness Shore D                           | 60    | ° Shore D | DIN EN ISO 868    |
| Ball pressure hardness                     | 34    | MPa       | ISO 2039-1        |

## 2. Kemisk beståndighet

● Beständig ● Delvis beständig ● Ej beständig

| Kemikalie               | Konc. | Resultat |
|-------------------------|-------|----------|
| 1,4-Dioxane             | 100%  | ●        |
| 2-Hydroxypropionic Acid | 90%   | ●        |
| Acetaldehyde            | â€    | ●        |
