| Kemikalie                             | Koncentration | Temp.  | BestÃndighet |
|---------------------------------------|---------------|--------|---------------|
| 1,4-Dioxane                           | 100           | 20 Â°C | 🟡             |
| 2-Hydroxypropionic acid (lactic acid) | 90            | 20 Â°C | 🟢             |
| Acetic acid                           | 100           | 20 Â°C | 🟢             |
| Acetone                               | 100           | 20 Â°C | 🟢             |
| Ammonia                               | â€”           | 20 Â°C | 🟢             |
| Ammonium chloride                     | â€”           | 20 Â°C | 🟢             |
| Amyl alcohol                          | â€”           | 20 Â°C | 🟢             |
| Benzene                               | â€”           | 20 Â°C | 🟡             |
| Bleaching solution                    | â€”           | 20 Â°C | 🟡             |
| Boric acid                            | 100           | 20 Â°C | 🟢             |
| Brake fluid                           | â€”           | 20 Â°C | 🟢             |
| Butyl acetate                         | â€”           | 20 Â°C | 🟡             |
| Calcium chloride                      | â€”           | 20 Â°C | 🟢             |
| Carbon disulphide                     | 100           | 20 Â°C | 🟡             |
| Carbon tetrachloride                  | â€”           | 20 Â°C | 🔴             |
| Chlorine (gas)                        | 100           | 20 Â°C | 🔴             |
| Chlorobenzene                         | 100           | 20 Â°C | 🟢             |
| Chloroform                            | â€”           | 20 Â°C | 🟡             |
| Citric acid                           | 10            | 20 Â°C | 🟢             |
| Cresol                                | â€”           | 20 Â°C | 🟢             |
| Cyclohexanone                         | 100           | 20 Â°C | 🟢             |
| Cyclohexene                           | 100           | 20 Â°C | 🟢             |
| Diesel                                | â€”           | 20 Â°C | 🟢             |
| Diethylene oxide                      | â€”           | 20 Â°C | 🟡             |
| Ethyl acetate                         | 100           | 20 Â°C | 🟢             |
| Ethyl alcohol (ethanol)               | 96            | 20 Â°C | 🟢             |
| Ethylene chloride                     | 100           | 20 Â°C | 🟢             |

| Kemikalie                        | Koncentration | Temp.  | Best ndighet |
|----------------------------------|---------------|--------|--------------|
| Food oil                         |   "           | 20   C |              |
| Formaldehyde, aqueous            | 40            | 20   C |              |
| Formic acid                      | 10            | 20   C |              |
| Frost protection agent           |   "           | 20   C |              |
| Fuel oil                         |   "           | 20   C |              |
| Fuel, aromatic free              |   "           | 20   C |              |
| Glycerine                        | 100           | 20   C |              |
| Glycol                           | 100           | 20   C |              |
| Heptane                          | 100           | 20   C |              |
| Hydrochloric acid                | 10            | 20   C |              |
| Hydrochloric acid (concentrated) |   "           | 20   C |              |
| Hydrofluoric acid                | 40            | 20   C |              |
| Hydrogen peroxide                | 10            | 20   C |              |
| Hydrogen sulfide, aqueous        |   "           | 20   C |              |
| Isopropyl alcohol                | 100           | 20   C |              |
| Linseed oil                      |   "           | 20   C |              |
| Mercurochrome                    |   "           | 20   C |              |
| Methyl alcohol (methanol)        | 100           | 20   C |              |
| Methyl ethyl ketone (MEK)        | 100           | 20   C |              |
| Methylene chloride               | 100           | 20   C |              |
| Milk                             |   "           | 20   C |              |
| Mineral oils (aromatic free)     |   "           | 20   C |              |
| Nitric acid                      | 50            | 20   C |              |
| Nitric acid                      | 10            | 20   C |              |
| Nitrobenzene                     |   "           | 20   C |              |
| Oxalic acid                      |   "           | 20   C |              |
| Ozone (gas)                      |  %  0.5 ppm   | 20   C |              |
| Paraffin oil                     | 100           | 20   C |              |
| Perchloroethylene                |   "           | 20   C |              |
| Petroleum ether                  | 100           | 20   C |              |
| Phenol, aqueous                  | ca. 9         | 20   C |              |
| Phosphoric acid                  | 50            | 20   C |              |
| Potassium hydroxide solution     | 50            | 20   C |              |
| Premium fuel                     |   "           | 20   C |              |
| Propyl alcohol                   |   "           | 20   C |              |
