| Kemikalie                             | Koncentration | Temp.  | Beständighet |
|---------------------------------------|---------------|--------|--------------|
| 1,4-Dioxane                           | 100           | 20 Å°C |              |
| 2-Hydroxypropionic acid (lactic acid) | 90            | 20 Å°C |              |
| Acetic acid                           | 100           | 20 Å°C |              |
| Acetone                               | 100           | 20 Å°C |              |
| Ammonia                               | â€            | 20 Å°C |              |
| Ammonium chloride                     | â€            | 20 Å°C |              |
| Amyl alcohol                          | â€            | 20 Å°C |              |
| Benzene                               | â€            | 20 Å°C |              |
| Bleaching solution                    | â€            | 20 Å°C |              |
| Boric acid                            | 100           | 20 Å°C |              |
| Brake fluid                           | â€            | 20 Å°C |              |
| Butyl acetate                         | â€            | 20 Å°C |              |
| Calcium chloride                      | â€            | 20 Å°C |              |
| Carbon disulphide                     | 100           | 20 Å°C |              |
| Carbon tetrachloride                  | â€            | 20 Å°C |              |
| Chlorine (gas)                        | 100           | 20 Å°C |              |
| Chlorobenzene                         | 100           | 20 Å°C |              |
| Chloroform                            | â€            | 20 Å°C |              |
| Citric acid                           | 10            | 20 Å°C |              |
| Cresol                                | â€            | 20 Å°C |              |
| Cyclohexanone                         | 100           | 20 Å°C |              |
| Cyclohexene                           | 100           | 20 Å°C |              |
| Diesel                                | â€            | 20 Å°C |              |
| Diethylene oxide                      | â€            | 20 Å°C |              |
| Ethyl acetate                         | 100           | 20 Å°C |              |
| Ethyl alcohol (ethanol)               | 96            | 20 Å°C |              |
| Ethylene chloride                     | 100           | 20 Å°C |              |
