| Kemikalie                             | Concentration | Temp.  | Beständighet |
|---------------------------------------|---------------|--------|--------------|
| 1,4-Dioxane                           | 100%          | 20 Å°C |              |
| 2-Hydroxypropionic acid (lactic acid) | 90%           | 20 Å°C |              |
| Acetic acid                           | 100%          | 20 Å°C |              |
| Acetone                               | 100%          | 20 Å°C |              |
| Ammonia                               | conc.         | 20 Å°C |              |
| Ammonium chloride                     | â€            | 20 Å°C |              |
| Apple juice                           | â€            | 20 Å°C |              |
| Benzene                               | â€            | 20 Å°C |              |
| Bleaching solution                    | 12.5 cl       | 20 Å°C |              |
| Boric acid                            | 100%          | 20 Å°C |              |
| Butyl acetate                         | â€            | 20 Å°C |              |
| Calcium chloride                      | â€            | 20 Å°C |              |
| Carbon disulphide                     | 100%          | 20 Å°C |              |
| Carbon tetrachloride                  | â€            | 20 Å°C |              |
| Chlorine (gas)                        | 100%          | 20 Å°C |              |
| Chlorobenzene                         | 100%          | 20 Å°C |              |
| Chloroform                            | â€            | 20 Å°C |              |
| Citric acid                           | 10%           | 20 Å°C |              |
| Cresol                                | â€            | 20 Å°C |              |
| Cyclohexanone                         | 100%          | 20 Å°C |              |
| Cyclohexene                           | 100%          | 20 Å°C |              |
| Diesel                                | â€            | 20 Å°C |              |
| Diethylene oxide                      | â€            | 20 Å°C |              |
| Ethyl acetate                         | 100%          | 20 Å°C |              |
| Ethyl alcohol (ethanol)               | 96%           | 20 Å°C |              |
| Ethylene chloride                     | 100%          | 20 Å°C |              |
| Food oil                              | â€            | 20 Å°C |              |

| Kemikalie                        | Concentraci3n | Temp. | Best3ndighet |
|----------------------------------|---------------|-------|--------------|
| Formaldehyde, aqueous            | 40%           | 20 3C | ●            |
| Formic acid                      | 10%           | 20 3C | ●            |
| Frost protection agent           | 3C            | 20 3C | ●            |
| Fuel oil                         | 3C            | 20 3C | ●            |
| Fuel, aromatic free              | 3C            | 20 3C | ●            |
| Glycerine                        | 100%          | 20 3C | ●            |
| Glycol                           | 100%          | 20 3C | ●            |
| Heptane                          | 100%          | 20 3C | ●            |
