

## PET FG 30x1000 mm natural

Nº artículo P1003909

● Resistente ● Parcialmente resistente ● No resistente

| Sustancia química    | Concentración | Resist. |
|----------------------|---------------|---------|
| 1,4-Dioxane          | 100           | ●       |
| 1,4-Dioxane          | 100           | ●       |
| Acetic acid          | 100           | ●       |
| Acetic acid          | 100           | ●       |
| Acetic acid          | 100%          | ●       |
| Acetone              | 100           | ●       |
| Acetone              | 100           | ●       |
| Ammonia              | conc.         | ●       |
| Ammonia              | conc.         | ●       |
| Apple juice          | –             | ●       |
| Apple juice          | –             | ●       |
| Benzene              | –             | ●       |
| Benzene              | –             | ●       |
| Bleaching solution   | –             | ●       |
| Brake fluid          | –             | ●       |
| Brake fluid          | –             | ●       |
| Butyl acetate        | –             | ●       |
| Butyl acetate        | –             | ●       |
| Calcium chloride     | –             | ●       |
| Calcium chloride     | –             | ●       |
| Carbon disulphide    | 100           | ●       |
| Carbon disulphide    | 100           | ●       |
| Carbon tetrachloride | –             | ●       |
| Carbon tetrachloride | –             | ●       |
| Carbon tetrachloride | –             | ●       |

| Sustancia química       | Concentración | Resist. |
|-------------------------|---------------|---------|
| Chlorobenzene           | 100%          | ●       |
| Chlorobenzene           | 100           | ●       |
| Chlorobenzene           | 100           | ●       |
| Chloroform              | —             | ●       |
| Chloroform              | —             | ●       |
| Citric acid             | 10            | ●       |
| Citric acid             | 10            | ●       |
| Diesel                  | —             | ●       |
| Diesel                  | —             | ●       |
| Diethylene oxide        | —             | ●       |
| Diethylene oxide        | —             | ●       |
| Ethyl acetate           | 100           | ●       |
| Ethyl acetate           | 100           | ●       |
| Ethyl alcohol (ethanol) | 96            | ●       |
| Ethyl alcohol (ethanol) | 96%           | ●       |
| Ethyl alcohol (ethanol) | 96            | ●       |
| Ethylene chloride       | 100           | ●       |
| Ethylene chloride       | 100           | ●       |
| Food oil                | —             | ●       |
| Food oil                | —             | ●       |
| Food oil                | —             | ●       |
| Formic acid             | 10            | ●       |
| Formic acid             | 10            | ●       |
| Frost protection agent  | —             | ●       |
| Frost protection agent  | —             | ●       |
| Fuel oil                | —             | ●       |
| Fuel oil                | —             | ●       |
| Fuel, aromatic free     | —             | ●       |
| Fuel, aromatic free     | —             | ●       |
| Glycerine               | 100%          | ●       |
| Glycerine               | 100           | ●       |
| Glycerine               | 100           | ●       |

| Sustancia química                | Concentración | Resist. |
|----------------------------------|---------------|---------|
| Glycol                           | 100           | ●       |
| Glycol                           | 100           | ●       |
| Heptane                          | 100           | ●       |
| Heptane                          | 100           | ●       |
| Hydrochloric acid                | conc.         | ●       |
| Hydrochloric acid                | 10            | ●       |
| Hydrochloric acid                | conc.         | ●       |
| Hydrochloric acid                | 10            | ●       |
| Hydrochloric acid (concentrated) | conc.         | ●       |
| Hydrofluoric acid                | 40            | ●       |
| Hydrofluoric acid                | 40%           | ●       |
| Hydrofluoric acid                | 40            | ●       |
| Hydrogen peroxide                | 10            | ●       |
| Hydrogen peroxide                | 10            | ●       |
| Hydrogen sulfide, aqueous        | –             | ●       |
| Isopropyl alcohol                | 100           | ●       |
| Isopropyl alcohol                | 100           | ●       |
| Isopropyl alcohol                | 100%          | ●       |
| Linseed oil                      | –             | ●       |
| Linseed oil                      | –             | ●       |
| Mercurochrome                    | –             | ●       |
| Methyl alcohol (methanol)        | 100           | ●       |
| Methyl alcohol (methanol)        | 100%          | ●       |
| Methyl alcohol (methanol)        | 100           | ●       |
| Methyl ethyl ketone (MEK)        | 100           | ●       |
| Methyl ethyl ketone (MEK)        | 100           | ●       |
| Methylene chloride               | 100           | ●       |
| Methylene chloride               | 100           | ●       |
| Milk                             | –             | ●       |
| Milk                             | –             | ●       |
| Mineral oils, aromatic free      | –             | ●       |
| Mineral oils, aromatic free      | –             | ●       |

| Sustancia química            | Concentración | Resist. |
|------------------------------|---------------|---------|
| Nitric acid                  | 50            | ●       |
| Nitric acid                  | 10            | ●       |
| Nitric acid                  | 10%           | ●       |
| Nitric acid                  | 10            | ●       |
| Nitric acid                  | 50            | ●       |
| Paraffin oil                 | 100           | ●       |
| Paraffin oil                 | 100           | ●       |
| Perchloroethylene            | —             | ●       |
| Perchloroethylene            | —             | ●       |
| Petroleum                    | 100           | ●       |
| Petroleum                    | 100%          | ●       |
| Petroleum ether              | 100           | ●       |
| Petroleum ether              | 100%          | ●       |
| Petroleum ether              | 100           | ●       |
| Phenol, aqueous              | ca.9          | ●       |
| Phosphoric acid              | 50            | ●       |
| Phosphoric acid              | 50            | ●       |
| Potassium hydroxide solution | 50            | ●       |
| Potassium hydroxide solution | 50            | ●       |
| Premium fuel                 | —             | ●       |
| Premium fuel                 | —             | ●       |
| Propyl alcohol               | —             | ●       |
| Propyl alcohol               | —             | ●       |
| Silicone oil                 | —             | ●       |
| Silicone oil                 | —             | ●       |
| Sodium carbonate, aqueous    | —             | ●       |
| Sodium carbonate, aqueous    | —             | ●       |
| Sodium chloride, aqueous     | —             | ●       |
| Sodium chloride, aqueous     | —             | ●       |
| Sodium hydrogen sulfite      | —             | ●       |
| Sodium hydrogen sulfite      | —             | ●       |
| Sodium hydrogen sulfite      | —             | ●       |

| Sustancia química                        | Concentración | Resist. |
|--|---------------|---------|
| Sodium hydroxide solution (caustic soda) | 60            | ●       |
| Sodium hydroxide solution (caustic soda) | 60            | ●       |
| Sodium hydroxide solution (caustic soda) | 15            | ●       |
| Sodium hydroxide solution (caustic soda) | 15            | ●       |
| Sodium nitrate, aqueous                  | –             | ●       |
| Sodium thiosulfate                       | –             | ●       |
| Sulphuric acid                           | 96            | ●       |
| Sulphuric acid                           | 96            | ●       |
| Tetrahydrofuran (THF)                    | 100           | ●       |
| Tetrahydrofuran (THF)                    | 100           | ●       |
| Toluene                                  | 100%          | ●       |
| Toluene                                  | 100           | ●       |
| Toluene                                  | 100           | ●       |
| Transformer oil                          | –             | ●       |
| Transformer oil                          | –             | ●       |
| Trichloroethylene                        | 100           | ●       |
| Trichloroethylene                        | 100           | ●       |
| Vinegar, standard                        | 5-10%         | ●       |
| Vinegar, standard                        | 5-10          | ●       |
| Vinegar, standard                        | 5-10          | ●       |
| Water                                    | –             | ●       |
| Water                                    | –             | ●       |
| Xylene                                   | –             | ●       |
| Xylene                                   | –             | ●       |
