

# PVC U 1000x1000x100 mm märke

Artikelnr P2202333

Beständig

Delvis beständig

Ej beständig

| Kemikalie                        | Konsentrasjon | Temp.  | Beständighet |
|----------------------------------|---------------|--------|--------------|
| 1,4-Dioxan                       | 100%          | 20 Å°C |              |
| 2-Hydroxipropionsyra (mjölksyra) | 90%           | 20 Å°C |              |
| Aceton                           | 100%          | 20 Å°C |              |
| Ammoniak                         | conc.         | 20 Å°C |              |
| Ammoniumklorid                   | â€”           | 20 Å°C |              |
| Amylalkohol                      | â€”           | 20 Å°C |              |
| Bensen                           | â€”           | 20 Å°C |              |
| Bensin (premium)                 | â€”           | 20 Å°C |              |
| Blekningsl sning                 | 12.5 cl       | 20 Å°C |              |
| Borsyra                          | 100%          | 20 Å°C |              |
| Bremsev jske                     | â€”           | 20 Å°C |              |
| Br nsle (aromatfritt)            | â€”           | 20 Å°C |              |
| Butylacetat                      | â€”           | 20 Å°C |              |
| Citronsyra                       | 10%           | 20 Å°C |              |
| Cyklohexanon                     | 100%          | 20 Å°C |              |
| Cyklohexen                       | 100%          | 20 Å°C |              |
| Diesel                           | â€”           | 20 Å°C |              |
| Dietylenoxid                     | â€”           | 20 Å°C |              |
| Eddik (standard)                 | 5 - 10%       | 20 Å°C |              |
| Eplejuice                        | â€”           | 20 Å°C |              |
| Etylacetat                       | 100%          | 20 Å°C |              |
| Etylalkohol (etanol)             | 96%           | 20 Å°C |              |
| Etylenklorid                     | 100%          | 20 Å°C |              |
| Fenol (vattenl.)                 | ca. 9%        | 20 Å°C |              |
| Flussyre                         | 40%           | 20 Å°C |              |
| Formaldehyd (vattenl.)           | 40%           | 20 Å°C |              |
| Fosforsyra                       | 50%           | 20 Å°C |              |

| Kemikalie                           | Konsentrasjon | Temp.  | Best ndighet |
